

Seitz Sliding & Top Hinged Windows

LEISURE WINDOWS are now supplying - SEITZ S4 ACRYLIC DOUBLE GLAZED WINDOWS
All these windows are available in SLIDING or TOP HINGED WITH GREY TINT AND BLACK FRAMES.

- **The S4 framed windows** are installed by simply screwing the inner frame to the outer frame together from inside,
- clamping the window to the vehicle wall, giving pressure for a continuing and lasting seal
- The window is ready for installation to a wall thickness of **26mm**.
 For wall thickness from 1mm to 25mm a supplementary frame will have to be fitted to the window aperture.
 For wall thickness from 27mm to 42mm, the inner frame will have to be trimmed.
 For wall thickness from 43mm to 53mm, the outer frame will have to be fitted with timber strips.
 All these modifications and additions are fully and simply explained in the installation instructions supplied with the window. **Outer frame Black RAL 9005. Inner frame Cream White RAL 9001.**
 Blind has white interior with an aluminium coating to the outside.
 - Fly net is unpatterned white, acrylic pane is grey.

All these modifications and additions are fully and simply explained in the installation instructions supplied with the window.

PLEASE NOTE: THE ORDER SIZE IS THE APERTURE SIZE

All complete with integral blind & flyscreen - fitting instructions included
